Innovative Extra Heavy-duty Casters

Y.H. Caster Co., Ltd. is a professional various casters developer and manufacturer based in Taiwan. Its extra heavy duty caster series can sustain up to 5 tons of loading and can be easily pulled by tractors. The unique loading structural design can help achieve steadier, safer and agile movement of casters, which can effectively help those in the steel and logistics industries move very heavy products easily.

General manager Wei-Yi Lin said, "Each innovative caster can sustain up to 2.5 tons of loading and up to 5 tons of loading on two casters in total. The casters are made from MoS2 nylon and can withstand high temperature and heat deformation generated by friction. This type of caster shows features of low friction, high friction resistance, solidity and being heavy duty. This type of caster is inspired by the dual-casters structure of forklifts and is the only design available in the market.

All of Y.H. Caster's products are made in Taiwan. The company even has a team specifically for mold development and design, which integrate automation and high-end quality control facilities to improve the capacity and product quality. Y.H. Caster has been also certified to ISO 9001 and ISO 14001 and has been a long term supplier to many domestic/foreign leading brands and hardware wholesale stores. The excellent customization capabilities and high quality casters of Y.H. Caster have been deeply trusted by customers. The company also helps customers elevate its competitiveness in the global market.

Safe/Low-noise and Non-toxic Fidget Spinners

Y.H. Caster has had 4 decades of experience in the field of bearings. In order to respond to the fad of fidget spinners and offer customers safe and high quality products, Y.H. Caster has released the ABS non-toxic and low-noise fidget spinners, which can spin smoothly and have a safe R-shaped blade design. They are 100% made in Taiwan and can be customized as per client's request. The casters can be also made in 5 kinds of colors including blue, green, orange, red and white and have been available for sales in Zhen Yu Hardware Stores throughout Taiwan. These casters are definitely suitable to be presented as gifts or souvenirs.
