紧固件业界年度闪耀盛世—中国上海紧固件暨汽车紧固件专业展

by Chien Chun Chen, Fastener World Inc. / 惠达 陈建群

2014 Fastener Expo Shanghai will be held during June 19-21 at Shanghai World Expo Exhibition & Convention Center.

Reviewing the previous event in 2013, it broke the industry record in China by 568 exhibitors, 1,381 booths, and 21,128 visitors on a 34,000 m² venue where Korean and Taiwanese companies teamed up and exhibited once again. The event becomes one of the largest in Asia's fastener industry. It is widely appraised and supported by the society, and as a benchmark for the industry, it aims at becoming one of the top 3 fastener shows in the world.

This year Fastener Expo Shanghai will utilize Hall 1 and Hall 2. Hall 1 will display equipment, wire, mold, and consumable. Hall 2 will display fastener products and the hall will be divided into Brand Fasteners Area, Export Fasteners Area, Taiwan/Korea/Japan Pavilion, and "Culture Exhibition of Fastener & Human

History (Europe)" Area. The venue scale will increase 24% to 42 thousand m², the largest scale in the world, topping all other fastener shows in Asia. Foreign business owners see this show as the doorway to the Chinese market. The show is expected to attract over 100 overseas companies to exhibit. Additionally, the official website will be available in 8 languages, coupled with global major paper publications, tens of cooperative media firms, and up to a million peer to peer intelligence transmission. The 2014 event will be sharing media and Internet promotion with exhibitors to reach to technology and equipment based companies in the upstream and end users in the downstream.

If your business is looking to go abroad and seek industry trends for business exchange and development, the benchmark Fastener Expo Shanghai is one annual event you should never miss out.
