上海壹海国际贸易
挡圈与销最大产量供应国际

Aspee&Yihai was established in 2011 in a backdrop of increasing global trade and has quickly risen to become a high-quality product supplier combining manufacturing and trade. The company focuses on producing stamped parts such as circlips, spring pins, as well as cold-formed and machined solid pins, dedicated to meeting the global market's demand for high-quality automotive components. Today, it is one of the largest manufacturers of circlips and pins in China.

products meets safety standards. With experiences in more than a decade of export, Yihai has consistently received positive feedback from clients for outstanding quality.

Targeting Europe and South Asia, Expanding the Global Automotive Market

General Manager Andy Zhu of Aspee&Yihai revealed that his company primarily exports to Europe and India, both regions with mature automotive manufacturing industries and a strong demand for his products. He said in confidence that his company has multiple advantages in export, including superior product quality, stable and prompt lead time, and competitive pricing, which have earned high praise from customers in various countries overseas.

Fastener Fair Global + Southeast Asia + Middle East, Key Strategies for Future Opportunities

Looking ahead, Aspee&Yihai will exhibit in Fastener Fair Global (Stuttgart) 2025. Andy stated that his purpose is to develop new clients, meet new buyers, and exchange market intelligence with existing clients. He hopes to showcase a more diverse product line at the show, in addition to various samples and detailed introductions, while gaining insights into current market trends. Regarding the European market, he said he will continue strengthening ties with primary countries like Germany, Italy, and the Czech Republic while actively making strides in other countries as a necessary addition. For 2025, he plans to further open up business opportunities, particularly seeking new prospects in Southeast Asia and the Middle East.

Professional Customized Production, Quality Certification Assurance

The company boasts advanced equipment and an experienced technical team. Whether standard parts or custom-made products based on client specifications, it can respond quickly. Additionally, it maintains sufficient inventory of regular products to promptly cater to urgent customer orders. Andy mentioned that overseas buyers have been increasingly demanding higher product quality and Aspee&Yihai remains uncompromising in quality control. The company has obtained ISO9001 certification and strictly adheres to quality system requirements throughout the production process. A dedicated quality and testing department ensures that every batch of

Andy emphasized that the global market continues to evolve and he will strive to provide high-quality automotive parts to meet customer needs and drive business growth: "Aspee&Yihai products are quality guaranteed! We look forward to your high interest in our products and services! Together, let's witness Aspee&Yihai's remarkable performance in the future!" ■
