

Focused Suppliers— Fasteners in Special Materials

compiled by Tanya Shih and Chien Chun Chen

J.C. GRAND CORPORATION www.jcgrand.com

JC Grand is a manufacturer and exporter of industrial fasteners and metal hardware components. Since 1978, JC Grand has been serving customers globally with an extensive line of high quality screws, nuts, bolts, washers, anchors, and customized hardware products from its wholly-owned factories in Taiwan and China. All of our locations are ISO 9001 certified, and singularly focused on delivering products and services of exceptionally consistent quality to our clients worldwide. Whether you are an industrial manufacturer, OEM or wholesale distributor, professional contractor supplier, or retail operation, we understand your needs and have the experience and capability of consistently meeting them. NEW! Please visit our new ferrous alloy heat treatment plant in Kaohsiung Taiwan. Operations began in January 2013.

CHIA-LI SCREW CO., LTD. www.chia-li.com.tw

Chia-Li started the business in Tai-Ping, Taichung in 1989 under the name of "Shun Li Screw Factory" and was specialized in the OEM of small screws for construction and furniture. In 1992, the factory was relocated to Beidou Industrial Park due to the expansion of capacity. The company was renamed "Chia-Li Screw Co., Ltd." and started to accept orders by itself. For over 20 years, Chia-Li has been dedicated to the production and sales of self-drilling screws, copper screws, high/low thread screws, and other hardware in the global market.

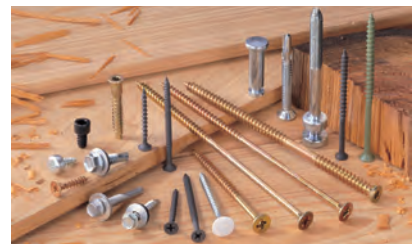

CPC FASTENERS INTERNATIONAL CO., LTD. www.cpc-fasteners.com

Founded in 1999, we continue to sustain the business and establish our customer networks in Taiwan, Southeast Asia, America, and Europe. Our professional production control system enables us to process orders and ship them on time. On the basis of Total Quality Management, we established a quality control lab to maintain outstanding quality. You can quickly find our high quality fasteners, competitive price, and superior service in your market.

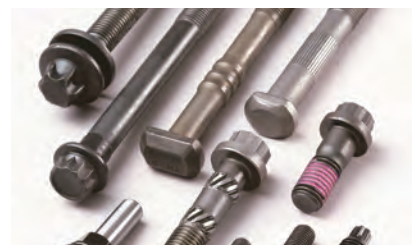

DIN LING CORP. www.din-ling.com

Din Ling mainly supplies copper bolts (screws), plastic screws, self-drilling screws, drywall screws, wood screws, etc. It has 3 factories located in Taiwan and China. With much experience in Europe, we offer products with high quality that are compliant with regulations of many countries. We can provide bulk or small packages when certain quantity and specifications are detailed as well as offer the service at the most favorable price.

YING MING INDUSTRY CO., LTD www.ymhitent.com.tw

Ying Ming has been specialized in high tensile fasteners since 1969. As a fastener maker, Ying Ming focuses on powertrain and transmission products. Equipped with in-house tooling design, forging, machining, heat treatment, surface treatment, and inspection operations, Ying Ming is capable of supplying high quality products directly to car OEMs and tier customers all over the world. Ying Ming now is manufacturing super alloy fasteners and developing light alloy parts to make itself step forward to become a higher product level provider.

AIMREACH ENTERPRISES CO., LTD. www.aimreachfasteners.com

Founded in 1991, Aimreach started business as a trading company and set up factories in Taiwan and China. We have gained presence in the fastener industry as both a trader and manufacturer. 90% of our market is in Europe and our goal is to provide customers with the best and most professional service as well as achieve a win-win situation.

Drywall Anchor is our brand new product. It can be fixed on plaster with only one step, which is time and labor saving and can replace past sophisticated steps including pre-drilling, plug insertion, and screwing-in (as these steps can be fast completed by using this new product).

JET FAST COMPANY LIMITED www.jetfast.com.tw

Jet Fast Company Ltd. was established in 1979. We have a great worldwide reputation for our speedy service, high quality products and plentiful sizes and inventory for small quantity requirement. The Rubber Nut-Insert we produced is EPDM or Neoprene or other customer's requested rubber tube with either Brass or Stainless Steel nut. It is reusable and operates well in both uniform and irregularly shaped holes. The Rubber Nut-Insert functions as a threaded insert and can effectively seal against air or liquid leakage at the assembled joint, reduces vibration and absorbs shock and noise, and also insulates against electrical and static surges. It is an ideal fastener to join a variety of different materials and mainly used in automotive industry and DIY market for architecture in Europe and North America. The dimension can be customized according to customer's needs.

REXLEN CORP. www.rexlen.com.tw

Rexlen founded in 1977 has over 35 years of experience in manufacturing and marketing. Our mission is to provide customers with parts and service with the highest quality as well as reduce the total cost to its lowest. We offer multi-function cold forged screws, CNC products, machine screws, and special parts. In addition to carbon steel and stainless steel, we also offer aluminum, copper, plastic hardware, and fasteners compliant with ISO 9001 regulations. Currently we have factories in Taiwan and China and have TAF certified laboratory instrument.

TAIWAN NYLON WASHER CO., LTD www.taiwannylonwasher.com.tw

Founded in 1971, Taiwan Nylon Washer was once a nylon washer manufacturer for many screw and nut suppliers. In order to meet the demand of customers for products and quality as well as provide more complete service, it relocated the factory in 1996 and was renamed Taiwan Nylon Washer Co., Ltd. With the spirit of sustainable operation it then introduced ISO 9001:2000 into the company and expanded the product range to cover plastic screws, nuts, anchors, and other plastic hardware and industrial rubber products. Its service is not only provided to the domestic fastener industry but also to other aerospace, automotive, fastener, fitness facilities, and machinery companies in America, Australia, South Africa, Europe, the Middle East, and Asia.

INTERNATIONAL FASTENERS INDUSTRIAL CO., LTD.

www.ificoltd.com.tw

It has been nearly 30 years since International Fasteners was established in 1979. It always provides service to customers with the most sincere attitude according to their different needs. It will do whatever it takes to satisfy customers with screws, nuts, washers, rubber/plastic products or special fasteners and can produce as per customer's drawing. Associated companies have been cooperating with International Fasteners for several years and are all very flexible in meeting the demand for high quality and lead time. International Fasteners always gives the best quotation to customers. Trust International Fasteners to create your future. ■
