Exhibits included industrial fasteners, construction fasteners, assembly products, fastener manufacturing technology, logistics, and manufacturing facilities, and so on. This Fair is considered by global fastener professionals to be an effective exchange platform.

Fasteners are critical parts for industries and can be applied in various industry sectors. That is the reason that Fastener Fair is located in Stuttgart, as this city is one of the most important industrial heartlands of Germany. Lots of well-known car manufacturers, IT companies, or automated facilities such as Chrysler, Bosch, Porsche, SAP, HP, IBM, Stihl, ABB, Alcatel SE have established their own R&D and manufacturing centers, making Stuttgart become the most pivotal base for automobile, automated facilities, and precision machines.

兩年一展的德國司徒加特螺絲展(以下簡稱「司徒展」)是全球最知名、規模最大的扣件展,於3月10~12日登場的2015年司徒展,本屆表現亮眼,有來自全球42國的832家展商,歐洲地區主要有德國、義大利、英國、荷蘭、西班牙、土耳其等知名廠商出席,亞洲地區則主要由台灣、中國、印度、南韓親赴現場。

今年度的攤位使用規模從2013年的16,000平方公尺增加15%至18,400平方公尺,以每一個標準攤位9米來計算,共使用「司徒加特展覽中心」第4、6、8、C2廳超過2,000個攤位數。會場主要展出項目有工業扣件、建築扣件、組裝產品、扣件產製科技、倉儲與工廠設備等等,為全球扣件專業人士的交流平台。

螺絲扣件做為工業之米,是工業領域中唯一可跨領域應用的零配件,要想成就工藝,螺絲是不可或缺的一環!這也是此展選定「司徒加特」辦展的重要原因!「司徒加特(Stuttgart)」是德國工業重鎮,世界級的知名汽車大廠、科技大廠、自動化設備大廠如Chrysler, Bosch, Porsche, SAP, HP, IBM, Stihl, ABB, Alcatel SE, 均以司徒加特為核心將研發製造中心設立於此,使司徒加特成為全球最重要的汽車工藝、自動化機械及精密機械基地。

Europe has been always the essential trade partner of Taiwanese fastener industry. In 2014 the increase in Taiwanese exports to Europe was 15.9%, outperforming the increase in Taiwanese exports to other countries. Its total export value to Europe reached USD 1.49016 billion, which represented one third of Taiwanese export value during that year. The importance of European market to Taiwanese fastener companies can be revealed through the increasing number of Taiwanese exhibitors to Fastener Fair Stuttgart. This year the organizer's agent Fastener World Inc. led 130 exhibitors in Taiwanese delegation to the Fair.

Taiwanese exhibitors have good expectations to the recovery in European market.

The fastener demand and supply between Taiwan and Europe have been going really well for years, so purchasers all know that Taiwanese fasteners are always in high quality with good service. Purchasers were mainly from construction, automobiles, aerospace, marine, electronic/electric products, and furniture industries. According to statistics of the organizer, the number of visitors this year increased 4% to 11,060 persons (60% were non-German global buyers). One exhibitor said, "I see the efforts made by the organizer to invite professionals from the industry as many as possible. Every time I come to this Fair, I can always meet new customers. The successful business matching between buyers and exhibitors is the biggest gain for exhibitors and the efficacy is more than expected."

歐洲向來是台灣扣件產業的重要商貿夥伴，2014年台灣銷往歐洲的扣件產值成長率超越其他各夥伴國高達15.9%，來到14億9,016萬美元，佔台灣扣件出口總值的三分之一。歐洲市場對台灣扣件廠商的重要性從每年節節攀升的展商數分析，自然不言而喻，台灣展團部份，包含台灣代理商匯達實業公司在內共計有130家出席，台灣展商都相當看好歐洲市場的回暖腳步，台灣與歐洲已建立有多年供需關係，普遍採購商對台灣扣件的品質與服務並不陌生，根據現場人士及主辦單位統計，訪客主要來自建築、汽車、航太、海洋、電子、電動產品、家具業的採購買主。根據主辦單位今年數據再提升4%來到11,060人，其中有60%是來自德國境外的國際採購主，而現場展商表示：「見識到主辦單位善於邀請專業人士的能力，即使每屆參展，每一次參與也都能再洽接全新的客戶。成功媒合關鍵性買主是參加此展最大的收穫，效益超乎預期！」
