# 2015 ‘Vegas Fastener Expo Expects Full House: A Perfecta for Exhibitors and Visitors!

## Overview –

The 35th National Industrial Fastener & Mill Supply Expo scheduled for October 21-23, 2015 in Las Vegas, Nevada continues to grow both vertically and horizontally as it adds new core products and services as well as more variety in an ever-changing global marketplace.

## The Expo –

A complete sell-out of exhibit space is predicted.

“We have already sold 736 exhibit booths to 544 companies from throughout the U.S. and 11 other nations around the world including Canada, China, Germany, India, Italy, Korea, Malaysia, Mexico, Spain, Taiwan, and Turkey”, informs Susan Hurley, the Expo’s General Manager. “Well over two thirds of our 2014 exhibiting companies have renewed their space for this year, plus we have gained 48 new companies and continue receiving new exhibit space applications regularly. We are delighted with the continuing growth of the Machinery & Tooling World area as well as the addition of more and more mill supply companies offering products of interest to today’s multi-line distributors. Whether you are at the Expo to buy, sell, learn, or network, it is the #1 place to be”, adds Ms. Hurley. A complete alphabetical

listing of exhibiting companies can be found at [www.fastenershow.com](http://www.fastenershow.com).

## The Conference –

There will be a full day conference program on Wednesday, October 21 featuring topics of vital, current interest as well as valuable training and informative meetings offered by the Pacific-West Fastener Association, Fastener Training Institute, National Fastener Industry Financial Manager Network, Manufacturers’ Agents National Association, Women in the Fastener Industry, and Young Fastener Professionals Group. “Continuing education and sharing of timely information has always been an important part of our Expo”, say Jim Bannister and Mike McGuire, General Partners. The complete conference schedule is available at [www.fastenershow.com](http://www.fastenershow.com).

## The Party –

The ever popular and heavily attended Wednesday evening Welcome Reception will be held in an exciting new poolside location at Treasure Island, where a

festive environment will complement the tasty appetizers and open bar hosted by Expo Management. As always, this fun-filled party is open free-of-charge to all Expo exhibitors and registered attendees wearing their 2015 badge.

## The Hall of Fame –

There will be a private Fastener Expo “Hall of Fame” reception held Wednesday evening at Treasure Island’s Kahunaville tropical restaurant immediately prior to the Welcome Reception. The 2015 honorees are Virgil Lindstrom, Chairman Emeritus of Lindstrom Metric, Inc., and Robert Shieh, Chairman/CEO, Brighton-Best International and Founder/CEO of the Ta Chen Group. Invitations to this prestigious event will be personally extended to family and friends by the honorees.

## The Expo Dates and Times –

The “World’s Largest Fastener & Mill Supply Expo” will be open from 9:00 AM to 4:00 PM, Thursday, October 22 and from 9:00 AM to 1:00 PM, Friday, October 23 at the Sands Expo & Convention Center. An estimated 5,000 fastener

## Russian “EuroPartner” Company Develops New Product

EuroPartner, established in St. Petersburg, has developed a new product. The production of snake-shape non-metal peg nails developed in 2014 has been officially launched. The snake-shape peg nail is pending for patent and will replace the traditional pile hammer nails. So far, there is no similar product in the international market. This newly-developed fastener can quickly fasten through construction materials like metal profiles, protective tubes for electric cables, skirting boards, and hose clamps. The snake-shape peg nail comes with two models, respectively applied in indoor and outdoor operations.

## BelZAN Starts Aircraft Fasteners Production

In Fastener Fair Russia 2015, BelZAN exhibited its new type of fastener made of stainless steel and titanium alloy. In the forum “Fastener, Quality, and Responsibility” held in the Fair, BelZAN’s technical R&D director Galiakhmetov introduced the fastener manufacturing artifact using stainless steel, titanium, and other heat-resistant materials. Now BelZAN has the permission to conduct operations related to the production of aircraft fasteners, including formulation of aero-technology design and technical files, as well as the production and testing of aero-components.

## Formulation of Russian National Standards for Anchor Fasteners

Currently the company is formulating the Russian national standards called “The Testing Method for Concrete Anchor Fasteners”, which has been submitted to TK465 Building Standardization Technical Committee. A similar international standard is ETAG 001 “Metal Anchor Fasteners Used in Concrete” (Book 1-4).

## Hilti Group Promotes Training Seasons in Russia

This year Hilti Group provides various training projects for Russian professionals to help them understand innovative solutions for the construction industry. The most common type is webinar. With engineering and technical support for current and potential clients, Hilti Group outstands in the foreign suppliers of Russian fastener and tool market.

## Production Report of MSW

In May and April 2014, Moldavian Steel Works of the JSC Group manufactured 73,387 tons of steel (34,593 tons in May and 38,794 tons in April), 59,379 tons of rolled wire (25,043 tons in May and 34,336 tons in April), 20,882 tons of reinforced steel, and 38,497 tons of wire rod. In the same period, 59,608 tons of finished products (30,563 tons in May and 29,045 tons in May) were shipped to customers.

The factory’s production program in June 2015 will manufacture 37,000 tons of rolled products.

Products made in May and April 2015 were delivered to Moldova, Ukraine, Romania, Poland, Slovakia, Serbia, and Bulgaria.

## Russian Fastener Business Owners and Professionals Talk with Taiwanese Companies

Russian fastener business players had a business talk with Taiwanese companies in St. Petersburg on June 8th. The place of the talk was chosen for a reason. It is in this city that the first group of fastener stores showed up, and thereafter the fastener business started to develop in Russia. Now a few Russian fastener companies have their own agencies in Taiwan. Most Russian metal product processing factories have their equipment manufactured in Taiwan. Russian participants got to know a little of something about Taiwanese fastener industry ahead of the talk, and they also gained some information about the upcoming Taiwan International Fastener Show in 2016. ■
