

World's Largest Fastener Show Aims to Raise the Bar this October

美國拉斯維加斯螺絲暨機械設備展

NIFMSE'16

Expect more attendees, more exhibitors and more productivity.

The National Industrial Fastener and Mill Supply Expo is forecasted to sell over 95,000 square feet of exhibitor space, and welcome over 650 vendors servicing more than 2,200 fastener buyers at the Sands Expo & Convention Center in Las Vegas, NV, USA on October 25 -27, 2016. “We’re working on making the show a success and things are moving along pretty smoothly. We’re aggressively going after new manufacturers to bring them into the show,” says Susan Hurley, Show Director. “Our team is working diligently on getting new businesses and we’re proud to say we have secured 40 new suppliers for the October show.”

New & Elite Vendors

The expo is an internationally renowned event and draws top fastener, specialty tooling and machinery, and service solution companies from all over the world. Notable newcomers this year are Apex Supply Chain Technologies from Mason, Ohio, which specializes in automated point-of-use dispensing and supply chain technologies that revolutionize how people do business; Italian VSP Fasteners S.p.a., one of Europe’s leading companies in the production of high-performance fasteners; and International Welding Technologies out of Lindenwold, New Jersey, manufacturer of cutting edge capacitors, discharge stud welding equipment and fasteners.

Among the recurring, distinguished vendors are Brighton-Best International (BBI) from Long Beach, CA, known for their world-class customer service, coupled with an extensive, high-quality inventory offering the latest products on the market and Lindstrom from Blaine, Minnesota, which focuses on a comprehensive line of metric fasteners ranging from hex head and socket head cap screws, to thread forming screws, nylon insert locknuts, lock washers and groove pins, of which most are available in steel (plain, zinc plated, yellow zinc plated) as well as stainless steel and brass.

Taiwanese Exhibitors in NIFMSE'16 Las Vegas

Bi-Mirth Corp.2824

Screw Types: Self Drilling, Self Tapping, Window, Concrete, Roofing Chipboard Partial & Full Thread (Up To 1500Mm)
sales@bimirth.com.tw
