

The 2018 International Fastener Expo (IFE) will take place October 30-November 1, 2018 at the Mandalay Bay Convention Center in Las Vegas, NV, USA. This year's event is expected to draw over 800 manufacturers and 5,000+ attendees from around the world. It is the largest and most diverse gathering of fastener and industrial professionals in North America and serves all reaches of the supply chain, from manufacturers to distributors to end users.

IFE announces that for the first time, the show will open its exhibit floor a half day early, Tuesday, October 30 from 1:00 - 4:00 pm for Preview Day followed by two full exhibit days on Day 2 and Day 3. Opening half a day early allows extra time for IFE's exhibitors to step away from their booth to network and meet with suppliers within Machinery & Tooling and SourceGlobal without it affecting their business when the show officially opens on Day 2.

On Preview Day, attendees and exhibitors will only have access to the Machinery & Tooling area and SourceGlobal, the show section devoted to international factories. At SourceGlobal, distributors and master distributors of fasteners and other related industry products (machinery, tooling, software, etc.) can explore new suppliers and products for their business. You can find more information about SourceGlobal at www.fastenershow.com.

IFE will once again kick off the show with their annual Welcome Reception, Tuesday, October 30 from 6:00 - 8:00 pm at the Daylight Pool of the Mandalay Bay Resort & Casino. Attendees and exhibitors can mix and mingle amongst their peers while listening to a live DJ, enjoying light appetizers and two hours' open bar. This is also an excellent networking opportunity for exhibitors and attendees to meet and develop fruitful business relationships before the show.

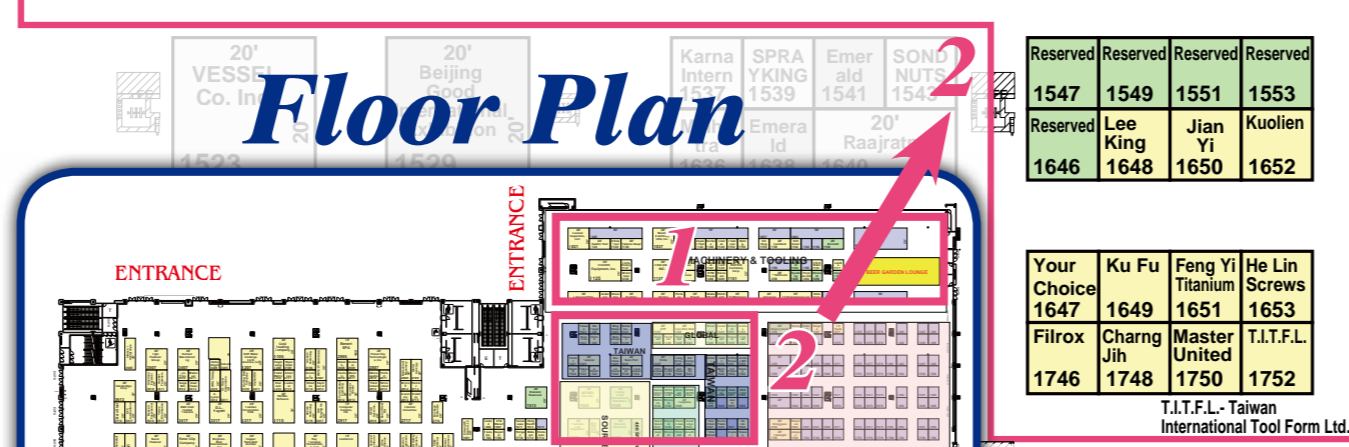

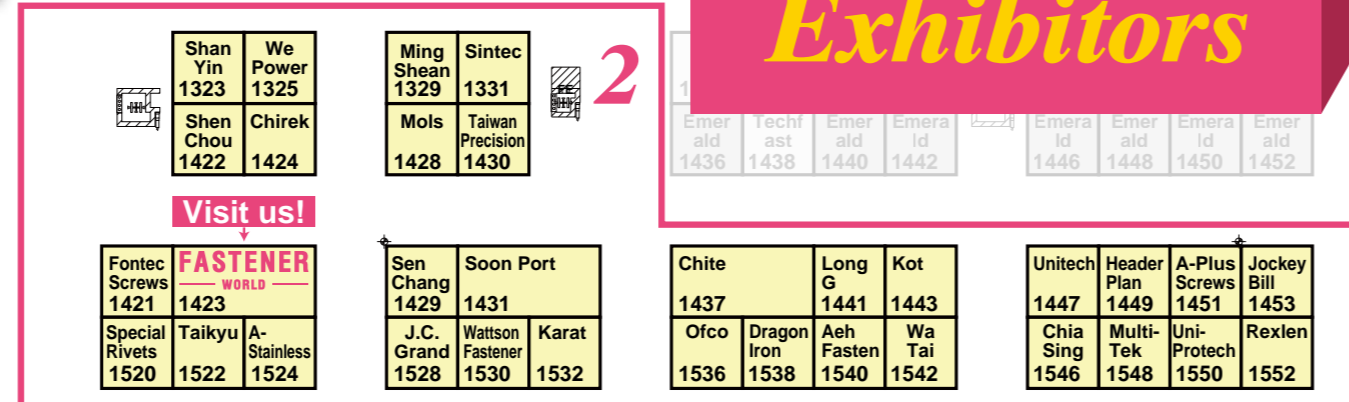

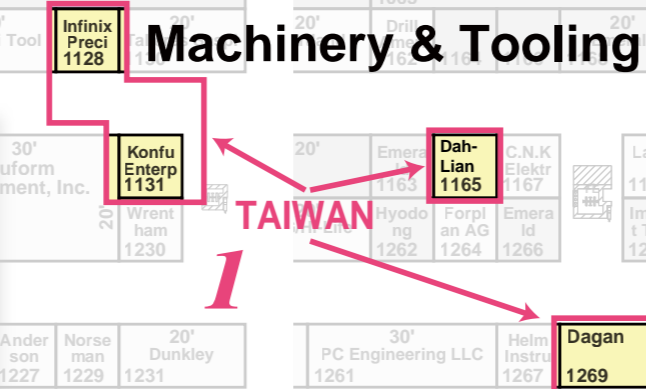

An event not to be missed is the IFE Awards Ceremony taking place on Wednesday, October 31 from 2:30 - 3:30 pm in the Sessions Corner area on the show floor. Running for 37 years, the "Hall of Fame" award recognizes and honors stand-out professionals who have made significant contributions to the fastener industry. The ceremony will also commemorate the winner of the "Young Fastener Professional" award which is presented to a professional under 40 who has shone through their engagement in advancing the industry.

INTERNATIONAL FASTENER EXPO

For three days IFE is offering a comprehensive seminar track of sessions and workshops over the course of the show. There will be a full day of educational sessions on Day 1 and various 30-minute-to-an-hour sessions on the show floor during the rest of the show. A full list of sessions and workshops will be available on IFE's website in July.

Participating for the first time this year is the European Fastener Distributor Association (EFDA), bringing 19 European distributors and delegates to visit IFE. EFDA represents 170 European-based innovators with collective sales of more than 4 billion Euros.

To register for IFE, visit www.fastenershow.com. For information on exhibiting at this year's event, contact Joseph Woo at +1.323.817.2249 or visit www.fastenershow.com.
