

Fastener Fair Stuttgart 2015 Now Occupies Four Halls

International Exhibition for the Fastener
and Fixing Industry Continues to Grow

Fastener Fair Stuttgart is the leading exhibition for the fastener and fixing industry. This dedicated fair brings together manufacturers of fastener and fixing technologies and suppliers of machines and tools with distributors, suppliers, engineers and other industry experts from across the world, making it the most important event for this industry.

Due to high demand, exhibition organisers Mack Brooks Exhibitions have expanded stand space for Fastener Fair Stuttgart 2015 by adding a new hall. In addition to halls 4, 6 and 8, hall C2 will be made available next year at the exhibition grounds in Stuttgart.

Fastener Fair Stuttgart is the place where the entire industry meets and decisions are made: Trade visitors from all over the world come to Stuttgart to source new products and solutions, enabling you to build new and maintain existing business partnerships to secure your future business success.

Over three very busy days in February 2013, Fastener Fair Stuttgart attracted more than 800 exhibitors and a total of 10,600 visitors, confirming the fair's reputation as the world's leading exhibition and most important event for the fastener and fixing industry.

Fastener Fair Stuttgart 2015 is simply a must for all distributors, suppliers, component buyers and other industry experts from all over the world!

Fastener Fair Stuttgart covers all aspects of the fastener and fixing industry. In addition to its high-profile portfolio of leading suppliers of fastener and fixing technologies and manufacturers of machines and tools, the trade show provides real insight into industry trends and key information about the latest developments in this international sector.

At Fastener Fair Stuttgart, products and services from the following industry sectors will be represented:

- Industrial fasteners and fixings
- Construction fixings
- Assembly and installation systems
- Fastener manufacturing technology
- Storage, distribution, factory equipment
- Information, communication and services
