

COMPANY PROFILE

Flat Washer & Metal
Stamping Manufacturer in CHINA

Since 2002, Jiaxing XC Washer Co., Limited has manufactured standard flat washers, hardened washers and metal stampings. Materials include low carbon steel (mild steel), medium carbon steel, stainless steel, brass, aluminum, copper alloys and other special stampable materials.

• Professional fasteners knowledge, efficient operation and quality assurance are why importers will choose XC Washer & Stamping.

JIAXING XC WASHER
CO., LIMITED

OUR ADVANTAGES

In addition, XC Washer & Stamping provide a wide variety of standard washers, special washers and metal stampings according to your drawings or samples.

We have a massive in-house tool and die resource, over 80 automatic CNC presses and inspection facilities for hardness and finish. We have the ability to work with customers to develop the custom washers your requested with high quality, reasonable price, on time delivery and good credit. In the fastener field, we pride ourselves on our in depth knowledge of washers and stamping parts.

In fasteners and machine parts field, we have many brother factories which manufacture bolts, nuts, screws and thread rods to meet customers different requirements. Our philosophy is to provide top-quality fastener and top-level service through reasonable price and fast delivery.
